

## High Security Bolt Seal II - (BLT II)

### Applications

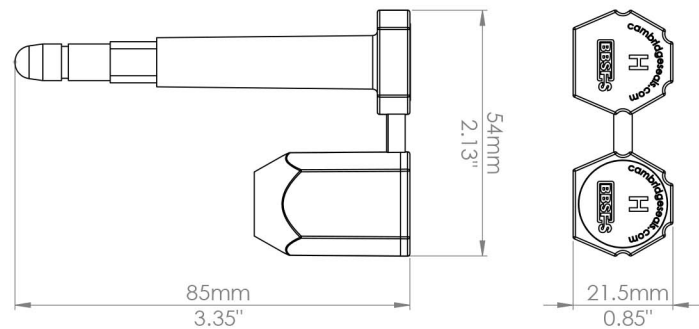

- Container Doors
- Trailer Doors
- Truck Doors

- Railroad Cars
- Air Cargo

- Hazmat
- Containers

The CSS Metal Bolt II seal is a high security bolt seal designed to safeguard high value cargo. The shape of this seal also allows for a larger printing surface on the body of the seal to accommodate variable numbering and printing requests. These seals are also ISO 17712 certified for High Security and C-TPAT compliant.
